

# How to add a video to the photo gallery?

## Description

First of all, you should inform us that you wish to add videos to your photo galleries and we will activate this option for you.

Once the option is activated, select the photo gallery and click the ACTIONS button and then, 'Add video':

## In this section

### Related content

## Content by label

There is no content with the specified labels

Here, you add the Youtube or Vimeo video link and you should copy it in the relevant fields before clicking 'Save'.

You can choose the same video for all languages and just add the link once, or if you have different videos according to language you can add the link for each language and select which video you want to be the default one in the case of not having a link for some languages.

Videos (Gallery: Sevilla - Triana) Help ⓘ

Upload video

Do you have the same video for all languages? Yes **No**

		Default
 Spanish	<input type="text" value="https://youtu.be/wkBsrjEOc9Y"/>	<input type="checkbox"/>
 English	<input type="text" value="https://youtu.be/wkBsrjEOc9Y"/>	<input checked="" type="checkbox"/>

🔍 Add links from accepted video platforms

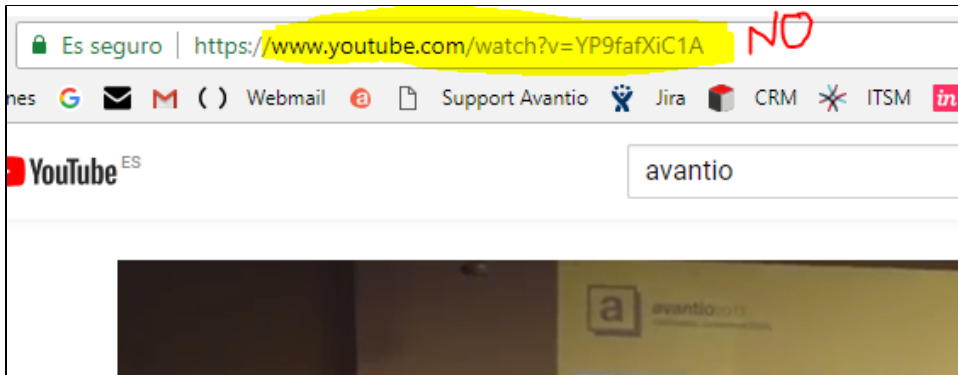

- [Youtube.com](#)
- [Vimeo.com](#)

🔍 If you don't add a link in one of the languages, it will be assigned the default video

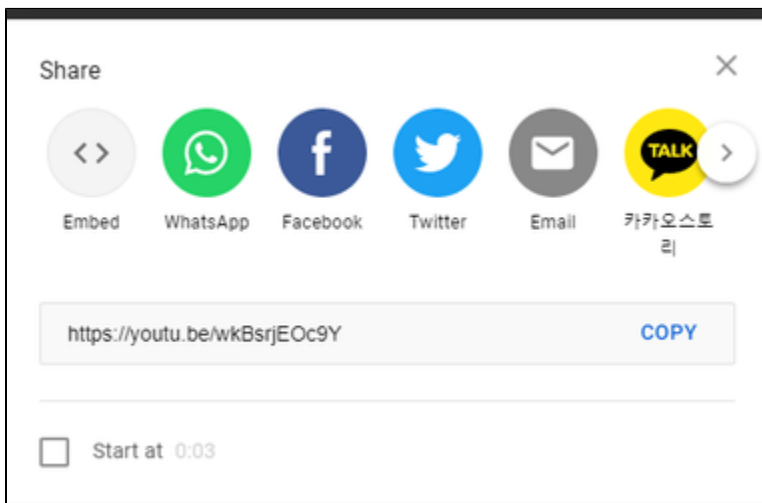

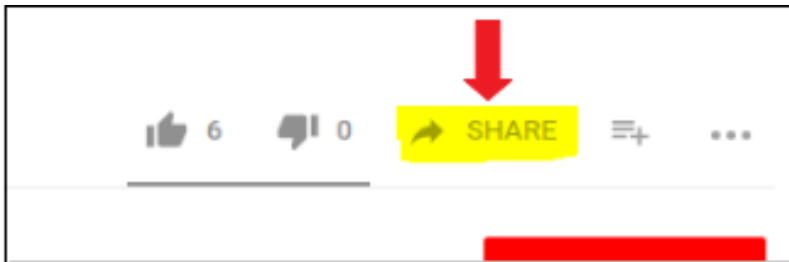

🔍 [More information](#)

## How to copy the links?

For both YouTube and Vimeo, please note that the required link is not the one found in the address bar, but the one that appears below the video:

Copy the link that appears there and paste it in the VRMS.

Copy the link that appears there and paste it in the VRMS
